About GETWAY Technology

GETWAYis a next-generationIT&DigitalTechnologycompanypoweringorganizationsthroughaunifiedAI-Powered Business Automation Platform.

We deliver intelligent Business Automation and Digital Communication Infrastructure designed to help modern enterprises scale faster, operate smarter, and engage customers more effectively.

Founded in 2006, GETWAY brings over 20+ years of excellence in digital innovation, earning a strong reputation for reliability, scalability, and performance-driven systems across industries.

Under the visionary leadership of **Bijendra Saini** — CEO, Manifestation Mentor & Business Growth Trainer — GETWAY transforms businesses through intelligent automation, strategic growth frameworks, and the development of enterprise-grade digital infrastructure and scalable digital ecosystems.

We don't just build software.

We build long-term digital growth infrastructure.
